

WHY DOES IBE FOUNDATION EXIST?

The Institute for Better Education Foundation believes not all children learn in the same way and school choice options are not readily available to families who struggle with financial hardships.

While there are organizations who are able to support low income children in their need for private school tuition assistance, more needs to be done to make either tuition-based education or public/charter schools both more accessible and personalized for individual students.

HOW DOES IBE FOUNDATION ACCOMPLISH THEIR MISSION?

Arizona Educational Preschools:

IBE Foundation offers Grants to educational preschools so families with a financial hardship have the opportunity to attend.

Arizona Public/Charter Schools and Arizona Private Schools:

IBE Foundation understands financially disadvantaged students may not be able to cover all additional fees needed to attend.

These Grants may cover, but not limited to:

Electives covering different "trades"

Tutoring

Transportation

Curriculum / Books

Meals not covered by Arizona state government funding

School Uniforms

Musical Instruments

Before/After care fees
